

Home Inspectors and Realtors...We're In This Together!

Course Description

WAHI has worked with the Wisconsin Realtors Association (WRA) on many issues over the years that impacted real estate transactions, home inspections, and the interaction between Home Inspectors and Realtors.

WAHI President Ric Thompson has been given the opportunity to present and/or participate in panel discussions at the WRA Convention in recent years. With the legislation that passed earlier this year, it seemed a good time to invite the WRA to a WAHI conference.

Ric Thompson and WRA Lobbyist/Attorney Cori Lamont will provide an update on the effects of the recent legislation, explain the motivation behind the legislation, offer suggestions as needed, answer questions, and discuss strategies, with the attendees, on furthering the connection between our 2 "co-mingled" groups.
